Warranty Clause

The company undertakes to replace or repair at its discretion products should they become defective solely as a result of faulty material or workmanship within 5 years in case of electro mechanical wiring devices products, and 1 year in case of electronic wiring devices products from the date of manufacturing.

The warranty will be invalidated if the product has not been installed or maintained in accordance with the standard installation practices, or if any attempt has been made to rectify, dismantle or alter the product, or if the original accessories of the company have not been used. It is recommended to use IPA solution for surface cleaning. The warranty states the company's entire liability. It does not extend to cover consequential losses or damage or installation costs arising from the defective product.

In the interest of continuous improvement, the company reserves the right to modify or change the product design and specifications of their products in future without prior notice. In the event of replacement if any, it will be done with the then prevailing design.

The prices are subjected to revision without prior notice.
